

We are on our way with the

LISKEARD NEIGHBOURHOOD PLAN

**Get on board and help plan
for the future of Liskeard!**

The Neighbourhood Plan for Liskeard is for local people to say where housing should go, where jobs get created, shopping is developed and play spaces increased. It's this community's chance to make these important decisions locally.

Local volunteers have been busy putting together a draft plan incorporating your community ideas, which takes Liskeard through to 2030

Come & look, talk, & share your views at our
